STOCKS GOING UP

Ewa touched 33 yesterday afternoon and gave a demonstration of what the stock market is doing these days. To get the stocks the buyer must pay the price. Only sold for 33.75 on the Board this forenoon but predictions are that it will go to 34.

All the stocks are higher and very firm at the prevailing quotations as a result of the raw sugar quotations that are coming in daily. The advance of 100 to 135, 140, yesterday afternoon was contrary to all the forecasts of the conservatives and gave the prophet of five-cent sugar a show for his money.

With such prices ruling in the midst of the Cuban grinding season, there is no telling what will happen by the first of March and through the Spring when the bulk of the Hawaiian crop goes onto the market.

Waialua was a feature in today's sales, something over a hundred shares selling at 124. Ohaa sold at 5.75 and Honolulu Rapid Transit common was taken up at 104.50, with the mystery of why this four per cent stock is selling so far above par, as deep as ever.

NAMES POPE AS SUPERINTENDENT

(Continued from Page 1)
were sent to the Alaska-Yukon exposition at Seattle.

The name of Professor Pope was selected from a list of twenty-three candidates. The Governor taking a week to reduce the list of availables to three, and finally to his decision to select Professor Pope.

Those who were mentioned prominently as available for the place vacated by Babbitt were Charles Baldwin and School Inspector King.

A Good Investment

The Templer Ranch Oil Co. with 600 acres of land, flowing oil wells and all its reservoirs filled with high-grade oil in the Templer district, Kern Co., Cal., will soon complete its three-mile gravity delivery pipe line.

This Oil Company is at present like a plantation with tons and tons of sugar on hand, ready to be shipped on the incoming steamer.

An able management, almost a square mile of proven oil land, cheap transportation of oil, high prices with steadily increasing demand for oil, will make this company an early dividend payer, and for that reason the stock of this Templer Ranch Oil Co. is recommended as a GOOD INVESTMENT by the Lincoln Mortgage & Loan Co. of San Francisco.

Capitalization is \$1,000,000, divided into shares of \$1.00 each. I have a small block of them for sale at 200 while they last. Secure them NOW.

Arthur Armstrong, who filled up on booze, whether imitation or the real thing, was not mentioned on the police officers' list to dig up four dollars at the Police Court this morning.

Komo, a booze artist, who acquired a real good job yesterday, was given a free meal ticket for the next month. Komo will feel right at home at Asch's hotel.

"Phoney" Davis, who is charged with running a booze joint without taking out a license, had his case sent over till tomorrow. Leon Strauss is appearing for Davis.

Anaisa assaulted another man and Judge Andrade reckoned that \$10 and \$20 cents would about square the matter. Anaisa has to fork out that amount or go to jail for a spell.

An important meeting of the Elks carnival committee will be held this evening at 7:30 o'clock to discuss various matters pertaining to the forthcoming carnival. The chair will be occupied by J. D. Dougherty. Blank forms for corporation exhibits are ready for distribution at the Treasurer's office. These are more comprehensive than former reports, as they give greater range under resources and liabilities than heretofore.

Mr. Turner will be pleased to extend the same courtesies and give the same careful attention to orders as in the past.

Ivory Soap

99 1/2% Per Cent. Pure

It is your money; and so, if you see fit to pay 25 cents for a two-ounce cake of "Ivory" soap, pay it.

But a 5 cent cake of Ivory Soap weighs three times as much, and is better soap.

Why better? Because it is purer; because it contains no "free" alkali; because it floats.

WATERFRONT NOTES

ACCORDING TO information given out by a shipping firm in Portland, Oregon, a new line of steamers, composed of a fleet of six vessels, will be put in operation between Antwerp and Portland, with San Pedro and San Francisco as ports of call. The steamers will bring general cargo from Europe and return with wheat, lumber and other commodities offered for shipment to Europe.

The first steamer of the new line to leave Antwerp will be the German steamer Augustus. She is expected to arrive at San Pedro during the latter part of February. On the start a sixty-day schedule will be maintained from the Belgian port, and if business warrants, vessels will leave Antwerp for the Pacific Coast at more frequent intervals.

THE FAMILIAR SHIP Henry

Falling began her last voyage around Cape Horn recently, when she left Tacoma for New York, where she is to be converted into a barge. The Falling was built in 1882 at Bath, Me., but for many years has been operated from Pacific Coast ports. She has been sold to Eastern parties and will be cut down after discharging her cargo at New York. The departure of the Falling is the third of the well-known coasters to leave for the Atlantic recently on their last voyages under canvas. The ships J. B. Thomas and Sea King are well on their way around to be dismantled.

APPROACHING A pace bordering

upon that made by the steam freighters, the little American schooner Churchill, from Honolulu to Port Townsend made the passage to Puget Sound in thirteen days. The Churchill sailed from Honolulu on December 28, having finished the discharge of a consignment of lumber to the agency of Allen & Robinson. A cable received here announces the arrival of the vessel at the Washington port on Monday, which places the time of her voyage within thirteen days.

TOMORROW AFTERNOON

is expected will see the arrival of the United States army transport Thomas from San Francisco, bringing in transit for the Philippines the Sixth Infantry, headquarters, band and several hundred enlisted men. The vessel should show up about 3 o'clock. It is the intention to dispatch the Thomas for Manila by the way of Guam on Thursday afternoon.

THE T. K. K. steamer Mamoru

Maru, from Japanese ports with general cargo for South America, is not expected to call at Honolulu before the 24th of this month, according to present available advices received at the agency of H. Hackfeld & Co. This vessel will make but a short stay at this port, the great bulk of her freight being destined to South American ports.

CEMENT, LUMBER, feed stuffs and

general merchandise is included in the freight list brought to Honolulu from San Francisco by the American-Hawaiian liner Mexican, which arrived at the port early this morning. The Mexican has gone to the Railway wharf to discharge and will take on a large shipment of sugar for the mainland.

THE AMERICAN-HAWAIIAN liner

Missouri is the next vessel from Puget Sound due to arrive at Honolulu with New York, San Francisco and Seattle and Tacoma cargo. The Missouri is scheduled to sail from Sound ports on January 14. The freighter should reach here not later than January 23.

IT IS BELIEVED

that the American bark Alden Besse will be able to go to sea by the last of this week. This vessel is taking on about fifteen hundred tons of scrap iron supplied by the Honolulu Scrap Iron Company, which is destined for a southern California port. The Alden Besse is being loaded by the Miller Salvage Company.

TWENTY-SIX days

was consumed by the American schooner Dauntless in the passage from Honolulu to Port Townsend. The Dauntless discharged a shipment of lumber at this port consigned to the agency of the City Mill company. The Dauntless sailed from Honolulu on December 14.

THE SHIPMENT

of about twelve thousand tons of sugar, and other Hawaiian products has been loaded aboard the American-Hawaiian freighter Virginia at the various island ports of call and the vessel is due to sail from Hilo for Salina Cruz on Thursday evening.

RAWLINS CASE BEFORE COURT.	Per stmr. Claudine for Maui and Hawaii ports, Jan. 14—Mrs. McLellan, H. W. Mist, J. Scott.

(Continued from Page 1)
Rawlins, and on the day last fore- said, affiant received by means of the said servant two letters from his wife, couched in the most affectionate terms, begging affiant not to give up his wife, and stating that a guard was maintained at the house of said Thomas W. Rawlins; that in said letters the said Ada G. Conger stated that she had been sick but was now better.

"That affiant has been engaged to marry his said wife since the 16th day of April, 1909, and said marriage taking place on the 31st day of December, 1909; that during the time from the month of April, 1909, to the month of January, 1910, affiant has been informed many times by the said Ada F. Conger that she lived in terror of her father, the said Thomas W. Rawlins, and of her mother, the wife of the said Thomas W. Rawlins.

"That affiant knows that if the said Ada F. Conger is produced in court, she will state that she desires to leave the house of said Thomas W. Rawlins and live with her husband, unless she is influenced by fear of the said Thomas W. Rawlins.

"And affiant knows that the statement contained in said return that the said Ada F. Conger is residing with her parents of her own free will and accord, and without restraint of any nature whatsoever, and at her own request, and of her own volition, is absolutely false.

"And affiant further states that his said wife is now physically able to appear in court in case she is freed from the restraint of the said Thomas W. Rawlins.

"That the physical inability of said Ada F. Conger to appear in court was not set forth by affidavit as required by the laws of the Territory of Hawaii.

"That affiant and his attorney were handed the said return in the courtroom of the said third judge at a few minutes before two o'clock p. m. of the said 4th day of January, 1910, and had no opportunity whatever to prepare and file exceptions to said return or a traverse to produce necessary witnesses to controvert the facts alleged in said return; that thereupon the attorney for affiant moved the said third judge for a continuance of thirty minutes in order that he might prepare suitable pleadings and subpoena witnesses necessary to maintain and controvert the said return.

"That said motion was denied by said third judge, and affiant compelled to proceed with a hearing on said writ forthwith; that after a hearing by the said third judge, the said writ was by the third judge denied.

HOLT APPEARS IN POLICE COURT TODAY

(Continued from Page 1.)
times signed in blank and left in the office to be filled in and issued whenever anyone paid their tax. Stubs were filled in by deputy clerks, whichever happened to be present.

J. H. Fisher, Territorial Auditor, was next on the stand, and he produced statements turned in to him by Holt for the months of January, February and March, 1905. These statements showed the amount of money received by Holt, and the amount in the Treasurer's hands. From these statements the amounts were passed into the Auditor's books and afterwards checked by him with the cashbook at the Tax Office.

C. T. Wilder was recalled at noon time and he again explained the system of bookkeeping as practised at the Tax Office.

No further evidence was offered, and Judge Andrade then committed Holt for trial at the Circuit Court, providing that the Grand Jury find a true bill. Bonds were fixed at \$5000, and the name of A. C. Dowsett was approved of by the judge.

MAY BUILD ARMY AND NAVY Y. M. C. A.

(Continued from Page 1.)
able that within a few months a special envoy will be sent from New York to study the situation. The international committee employ some eighty secretaries and one of these will be sent here.

If a Y. M. C. A. building is erected here for Navy men, it is probable that it will be built at Pearl Harbor. The international committee will secure the funds. The Federal Government frequently provides the land and sometimes the buildings for such institutions, as they favor any plan whereby their men are looked after and entertained in a manner that is best for the community in general and for the men themselves. Should a Navy Y. M. C. A. be built at Pearl Harbor, it is more than likely that an Army one will be built within the city limits.

OBSERVATORY SITE STILL IN DOUBT

(Continued from Page 1.)
is unsuitable for the observatory. The approach would be most inconvenient and should additional buildings be later deemed necessary there would be no room to extend these.

It will depend upon the result of the meeting this afternoon whether or not the observatory will be built at Kaimuki. A good reservoir is absolutely necessary to the community, but an observatory is not so that it is well within the rights of the Superintendent of Public Works to say which land is available for the reservoir and which may be set aside for the observatory committee.

The members of the observatory committee are not worrying their heads about the matter as they have several good sites in mind and in the event of Marston Campbell not coinciding with their plans they will select another site and commence building operations at once.

Only three new arrivals registered at local hotels this morning. Mr. and Mrs. Harold L. Lyon registered at the Hawaiian and Theo. C. Smith, purser of the S. S. Alameda, at the Young.
